TOP DOG DECKS · 30TH CELEBRATION

CHASING ALL 30 PIKACHU

Every booster pack hides one of 30 different Pikachu — and which one you get is pure luck. Write each Pikachu in as it's confirmed, then tick the bolt when it lands in your binder. Round up the whole pack!

1 · FILL IT IN
Write each Pikachu's name and card number in a slot, in card order.

2 · HUNT IT DOWN
Pull it, trade a spare with a friend, or fetch the exact single you're missing.

3 · TICK THE BOLT
Colour in the bolt when the card is safely sleeved in your binder.

TOP DOG TIP: always write the card **NUMBER**, not just the name — that's what makes sure you fetch the right Pikachu and not a similar-looking variant. A binder page holds nine cards, so slots 1–9 fill your first page, 10–18 your second, 19–27 your third, and 28–30 start your fourth.

Keep going — the last few are always the slowest, and that's exactly what makes finishing feel so good.
